

Implant Overdenture- Maxilla

Background: RL complained that his denture was loose and he couldn't eat comfortably. He no longer wanted to use denture adhesive either.

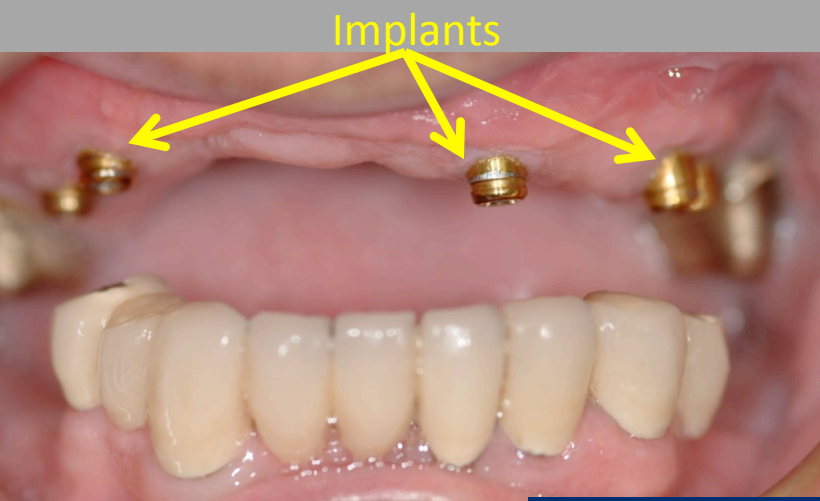

No teeth in Maxillary Arch

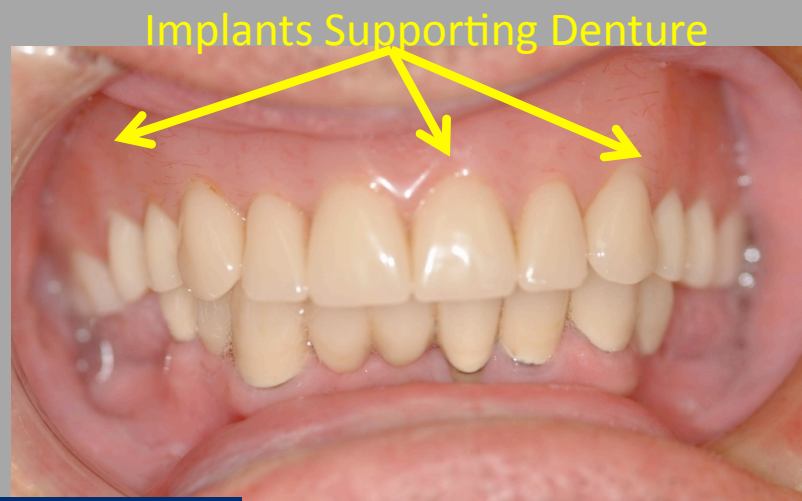

Initial Appearance

"Horse Shoe" Shaped

Implants

Implants Supporting Denture

Implant Overdenture

Testimonial: "I can eat anything I want again! The denture is sturdy and I don't need that denture glue anymore! Thank you so much"
RL, Ocean City, NJ
